

To Our Beloved Community,

We would like to start by saying thank you, from the bottom of our souls, for being a part of our lives, community and atmosphere. You are what makes our practice great. We love that you have trusted us with your care, and the care of children. We love sharing space, time and health with you.

With the new year upon us we have made a tough yet necessary choice to increase our pricing structure, effective **February 1, 2018**. Many of you know that with the rising rates around our city small businesses are facing significant financial challenges. We do not want to become a casualty to increasing costs, therefore, in order to keep our doors open and continue being a part of your lives we must raise our prices for the first time in over 2 years.

You are a unique individual who requires specific treatments. We greatly value the face-to-face time we give every patient. Our doctors are passionate about hearing your history, assessing your goals and needs, and also building a relationship with you. We never want to “streamline” care and therefore sacrifice the quality of care we provide. We did not want to sacrifice the time we are able to offer you, nor provide you with anything less than excellent and comprehensive care. We would also like to mention that much of what we do, what we offer, and who we are as a practice is not reflected in your bill upon checkout. We genuinely care for each and every one of you and are striving to ensure accessibility to all.

Because we accept some insurance, calculating time of service prices for patients who pay out of pocket can become a bit weary and laborious. So, we’ve done all the work for you. Included with this letter you can see our new pricing structure, with the discount applied, in order to adjust financially if necessary.

We value and cherish you as a friend, patient, and community member. If you have any questions or concerns you can direct them to our Office Manager, Andrea; you can call her at the office (503) 282-1118, Monday through Friday or email her at andrea@wholemamawholechild.com.

With our deepest appreciation and best wishes for your health,

The Whole Mama Whole Child Team
